## SUMMARY

Enthusiastic Full Stack developer with a relentless passion for transforming innovative ideas into robust, user-centric applications. Currently pursuing a degree in Software Engineering at Junia Isen, where I am honing my skills in front-end and back-end technologies. Leveraging a blend of creativity and technical acumen, I thrive on tackling complex challenges and delivering elegant solutions. I am Currently seeking Internships

## EDUCATION

Msc Software Engineering (Bac +5)	2023 - Present
Junia ISEN	Lille, France
Bsc Computer Science	2020 - 2023
Kwame Nkrumah University of Science and Technology	Kumasi, Ghana

## EXPERIENCE

Full Stack Developer Intern	11/2022 - 01/2023
Ghana Police Service	Accra, Ghana
<ul style="list-style-type: none"><li>Designed and implemented a cutting-edge feature for the company's web application following agile methodologies</li><li>Utilized responsive web application techniques and employed key technologies such as React, Redux, Node.js, and Express to enhance functionality. Successfully integrated third-party APIs to optimize the application's performance</li><li>Police-Map has been in use from January 2023</li></ul> <a href="https://police-map.netlify.com">https://police-map.netlify.com</a>	
Full Stack Developer Intern	03/2020 - 04/2021
EV4AFRICA	Kumasi, Ghana
<ul style="list-style-type: none"><li>Developed a web app using React, Redux, Node.js, and Express, integrating third-party APIs.</li><li>Drove a significant improvement in user experience by implementing performance optimizations, resulting in a 20% reduction in page load times and enhanced overall responsiveness, contributing to a more seamless and engaging web application</li><li>I used responsive web application methods and tools like React, Redux, Node.js, Express and other technologies during my time at the company</li><li>Acknowledged by the department head for outstanding contributions to the project.</li></ul>	

## PERSONAL PROJECTS

Flexicoins	01/2023 - 02/2023
Flexicoins is a cutting-edge web application that allows users to purchase USD, GBP, Bitcoin, and Ethereum with their local currency, while also earning interest as the value of their selected currency rises	
<ul style="list-style-type: none"><li>For this blockchain project, I utilized React, Firebase and paystack payment system to develop a robust and scalable application that seamlessly integrates blockchain technology with modern web development.</li><li>I implemented Payment systems that allows users to purchase Cryptos, USD and GBP using their credit cards and mobile wallets.</li></ul> <a href="http://www.Flexicoins.com">www.Flexicoins.com</a>	

## SKILLS

### Programing Languages

TypeScript · Javascript · Java · Python · SQL

### Frameworks and Tools

React.js · Next.js · React Native · Node.js · Express · MongoDB · Rest APIs · Git · Docker · Android Studio

## STRENGHT

### 💎 Learning

In this constantly changing software engineering world, new things keep being introduced and old things keep being forgotten. Learning keeps me not being oblivious from what people do today.

## ACHIEVEMENT

### 💎 I designed one of the first Crypto web apps in my country Ghana.

The crypto web application Flexicoins, had nearly 500 users with more than 15,000\$ in Revenue. This was a Success.

## LANGUAGES

## INTERESTS

### 💎 Participating in Coding Challenges

### 💎 Video games and Movies

### 💎 I love playing Chess
